Electronics site Choosemychoice.com chooses HPE Networking Instant On for simple, secure Wi-Fi

Fast, reliable Instant On solution helps Choosemychoice.com offer businesses and consumers great deals and service on tech products.

Businesses and consumers can choose from a huge selection of computers, phones, networking, accessories, physical security systems, and other electronics sold by Choosemychoice.com — at competitive prices and with free delivery. Not only does the online retailer sell networking products, but it also uses HPE Networking Instant On in its own offices.

Choosemychoice.com is the eCommerce operations of Global Gateway Infratech, an IT solution provider headquartered in Bangalore, India.

Fast Wi-Fi keeps orders flowing

By choosing HPE Networking Instant On, Choosemychoice.com's office and warehouse gained fast, reliable Wi-Fi to support its fast-growing business.

Employees can easily access their email, the internet, and other business applications from their laptops and mobile devices. Workers can move throughout the warehouse as they pick and pack orders for quick delivery to customers. Visitors to Choosemychoice.com's offices can use secure guest Wi-Fi.

Industry: eCommerce Retail
Country: India

Objective

Expand Wi-Fi speed and coverage to support growing business

Approach

Chose Instant On for simple, smart business-grade wireless to connect five mobile devices

Outcomes

- Enable retail business operations
- Fast, reliable, and secure Wi-Fi
- Easy to set up and manage

By choosing HPE Networking Instant On, Choosemychoice.com's office and warehouse gained fast, reliable Wi-Fi to support its fast-growing business."

Wi-Fi that works hard for you

Choosemychoice.com uses Instant On AP11 access point, which can connect up to 50 mobile devices. Instant On Smart Mesh capability eliminates Wi-Fi dead spots, which are often a problem in large warehouses.

Managing the wireless network with the Instant On mobile app or web browser is easy. The IT team can set up, manage, or troubleshoot the Wi-Fi from anywhere—including their home offices. Business critical apps can be given priority access to the bandwidth and inappropriate and malicious websites can be easily blocked.

Instant On Access Points come with a 24-month warranty and free software upgrades so Choosemychoice.com's network remains ready for the future.
