NxtGen powers productivity with simpler and smarter networking

India's largest cloud service provider relies on Instant On wireless for its smart workspace

NxtGen is a leading provider of data center, cloud infrastructure, AI compute, content delivery, and IT continuity solutions, including data protection, disaster recovery, backup, and security. With a corporate commitment to agility, security, simplicity, and excellent customer service, NxtGen serves businesses across India and is rapidly growing its operations globally.

Superior Wi-Fi for Smart Workspace

NxtGen wanted to deploy a modern Wi-Fi network solution to connect its employees' and visitors' laptops, phones, and other wireless devices at its Bangalore headquarters. NxtGen's IT director needed a simple, secure wireless LAN solution that would be easy to manage from anywhere.

NxtGen consulted with Global Gateway Infratech, its trusted IT solution provider, who recommended the HPE Networking Instant On wireless LAN solution.

**Hewlett Packard
Enterprise**

Industry: Smart workspace

Country: India

Objective

Empower employee productivity with fast, reliable Wi-Fi connectivity

Approach

Chose Instant On for simple, smart wireless networking

Outcomes

- 100+ staff have Wi-Fi connectivity everywhere they need it
- Automatically protected by the latest Instant On security
- Easy to set up and manage

We are extremely satisfied with HPE Networking Instant On. Our IT team has the network right at hand from anywhere.”

Smooth Operators

The HPE Networking Instant On solution delivers blazing-fast, simple, and secure wireless networking to empower NxtGen’s employees to work effectively and efficiently from anywhere in the office. Business applications, voice, and video are automatically prioritized, ensuring smooth operations. Additionally, visitors benefit from fast and secure guest Wi-Fi access.

HPE Networking Instant On Access Point AP25 provides speedy Wi-Fi 6 connectivity and greater capacity for NxtGen’s high-density client environment, delivering a superior Wi-Fi user experience.

The HPE Networking Instant On cloud portal made it easy for NxtGen’s IT team to set up the network and eases ongoing management – from anywhere. Network health is visible at a glance. Robust Instant On network security features keep the business safe.

With the HPE Networking solution, NxtGen benefits from free Instant On software updates and no hidden subscription or licensing fees.

With simple, secure Wi-Fi, NxtGen employees can focus on the fast-growing market opportunity to help businesses digitally transform through innovative data center and cloud services.
