Aygüler Family beefs up shopping experience with fast, reliable Wi-Fi

Shoppers and sellers at Turkey's first meat shopping mall can savor fast, reliable Wi-Fi everywhere with HPE Networking Instant On solutions.

Shoppers come from throughout Ankara to Kazan Meat Shopping Mall to purchase high-grade, local beef and lamb that follow halal traditions. Twelve butchers share the large marketplace have sizzling, high-performance Wi-Fi to support retail operations.

Aygüler Family, the owner of the Kazan Meat Shopping Mall in Kahramankazan, uses HPE Networking Instant On networking at its farm-to-table marketplace. IBT Istanbul, its trusted ICT advisor, recommended Instant On for a fast, simple, and secure network that's designed to meet retailers' needs.

Smart, durable Wi-Fi for any condition

With HPE Networking Instant On solutions, Kazan Meat Shopping Mall employees, butchers who rent space at the marketplace, and customers have fast, reliable Wi-Fi as they sell, shop, and eat at the grill upstairs.

Shoppers can easily make purchases from their phones over the Wi-Fi. Marketplace staff and butchers can connect their laptops, phones, or other mobile devices to access their email, business applications, and payment systems.

Industry: Retail
Country: Turkey

Objective

Upgrade Wi-Fi and expand wired network in popular meat shopping market

Approach

Chose Instant On for simple, smart business-grade wireless and wired networking

Outcomes

- Staff, vendors, and customers have fast, reliable Wi-Fi
- Built-in security separate business and customer traffic
- Easy to set up and manage

With HPE Networking Instant On, Kazan Meat employees, butchers, and customers have fast, reliable Wi-Fi as they work, shop, and dine.”

Instantly easy Wi-Fi

HPE Networking Instant On Access Point AP22 provides blazing-fast Wi-Fi 6 coverage inside the mall. A single Instant On AP22 can connect as many as 75 Wi-Fi devices and has aggregate peak data rates of 1.7 Gbps. HPE Networking Instant On Access Point AP17 covers the parking lot and other outdoor spaces with Wi-Fi. Instant On AP17 is designed to withstand windy, rainy, and hot outdoor conditions.

The mall uses HPE Instant On Switch 1930, a smart-managed Layer 2+ 1G/10G switch to power business operations. The Instant On 1930 switch has dedicated SPF+ fiber ports and plenty of Power over Ethernet (PoE) to connect access points, printers, security cameras, and other wired devices. HPE Networking Instant On Switch 1830, a Layer 2 smart-managed switch, is also used where the mall needs 1G connectivity and quiet, fanless operation.

Instant On access points and switches come with a 24-month warranty and free software upgrades so Kazan Meat Shopping Mall's network remains ready for the future.
