

Aruba, a Hewlett Packard Enterprise company is currently planning for the End of Sale of the following SKU on the End of Sale date below (or until supplies are gone) and customers are requested to migrate to the appropriate replacement.

End of Sale Product	End of Sale Product Description	Recommended Replacement	Recommended Replacement Description
R2X22A	Aruba Instant On 802.3af POE Midspan Injector	R8W31A	Aruba Instant On 802.3af POE Midspan Injector

Aruba Instant On PoE Midspan Injector Replacement

PoE Midspan Injectors are needed in installations that cannot have separate power and data connections to the device. Aruba Instant On APs such as (but not limited to) AP11, AP11D, AP12, AP15, AP17 and AP22 can be powered on by PoE Midspan Injectors. Aruba is replacing its existing PoE Injector (R2X22A) with a new model (R8W31A) at the same price.

We strongly recommend and encourage our customers to transition all backlog and new orders to the replacement SKU (R8W31A) identified in this EoS announcement.
